

Scorching sunshine sees White Hart Flore lads...

Making 'ton-up' Tofts catches!

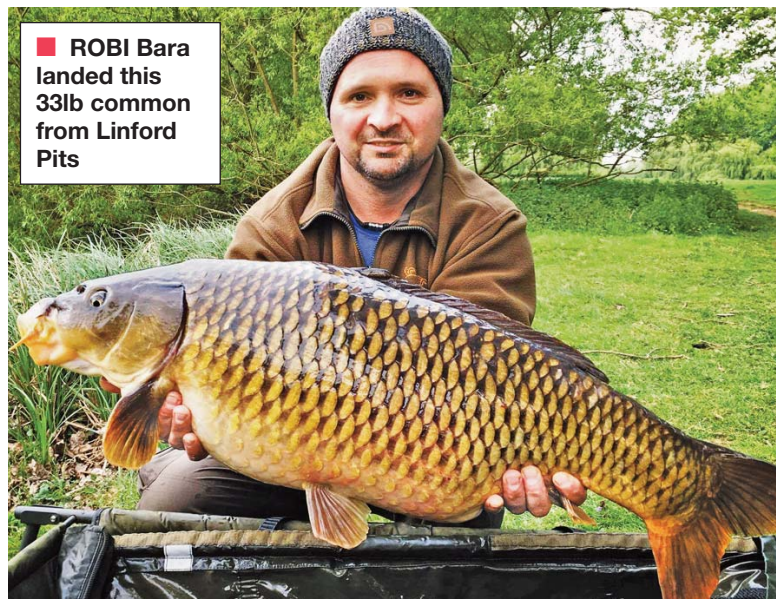

YOU can't get enough of a good thing – and in White Hart Flore's case that was 'ton-up' catches of Toft's ever-hungry carp.

'Hart's 'old geezers' led the way with a midweeker which, despite temperatures which had the carp in most other waters basking rather than feeding, saw Trevor Griffiths top of the pile with 174-6, followed by Tom Griffiths on 132-15 and Terry Perrin 115-12.

Then, on Sunday, with the sun burning down even more fiercely, the club match went to Dave Chapman with 146lb as Trevor Griffiths made 137lb and Mick Wheeler 130-8.

● MUCH heftier brownfish were on the move at Stanwick where Alex Bell led the way with a 29-10 mirror from Elsons followed closely by Nathan Reeves and a 29lb common from Elsons. There were at least four other fish over 25lb.

● GEOFF Ringer has added another trophy to his impressive collection – despite blanking in day one of the Cresta Steel City individual cup on Ferry Meadows. But he went on to win day two and the title with 12 slabs for 66lb.

■ **ROBI** Bara landed this 33lb common from Linford Pits

■ **TOWN'S** Paul Andrews nipped over to MK's Bradwell Lake...and banked this spectacular 24-13 koi!

● TOWCESTER is spending heavily on weed-treatment for its Astwell Mill tench water – re-opens June 16 – and, advised by the Environment Agency, has dredged some badly clogged areas, too.

Sunday's Wappenham Water club match was won by John Harris with just 7lb. But entrants were left slack-jawed by the number of carp basking on top and sight of several shoals of roach "all one to two pound fish" swimming around...
