

Latest 400lb carp stocking gives...

Lakeside a shot in the arm!

LAKESIDE regulars now have a whole shoal of extra carp to go for – fish from three pounds to mid-doubles!

And there is more to come for the up-market fishery set in the 'front garden' of its owners' home near Towcester.

Last week's injection, totalling around 400lb, follows the addition of a big batch of smaller fish last year – with owners Steve and Tina Pentland gearing up to add yet more.

Boosting stock levels follows an 'otter episode' which led, a couple of years back, to the pair spending £15,000 on specialist fencing to keep the fish-killers out...foregoing their honeymoon to help meet the cost!

Venue stalwarts Ian Millin and Ken Sawyer have been involved throughout the upgrade and, helping take delivery of last week's fish, Ian said: "Lakeside is already a very good fishery, but all the money and effort going into it is moving it up a gear to brilliant."

● **TOWN** brothers Steve and Phil Ringer are back from representing England in the World feeder champs on South Africa's Bloemhof Dam – a vast inland sea. Hungary, the Netherlands and Italy filled the frame with England having a bad second-day to finish fourth.

Team Ringer's Rob Wootton was top England scorer, narrowly missing individual bronze.
